

Dear Parent/Guardian,

We are excited to share that your child's school is taking part in the St Luke's Reindeer Run.

The Reindeer Run is a fun, festive way to get children moving and spread the Festive spirit while supporting us by raising vital funds for St Luke's.

St Luke's provides tailored, holistic care for people aged 18 and over across Sheffield at all stages of life, from the point of diagnosis with a terminal illness. Our care is given without charge to patients but the cost of delivering our care is increasing and **this year we need to raise over £11 Million** of the £15 millions if costs to carry on providing the care needed by our patients and families in Sheffield.

To help St Luke's this festive season we are asking students to raise sponsorship for taking part in the Reindeer Run. To do this, each child will receive a sponsor form to bring home. Alternatively, the school may provide you with a link to donate online if you prefer.

We have provided a set of antlers for every student to wear on the day of their Reindeer Run. To help us be more sustainable, we are asking that you reuse your antlers, rather than throwing them away. If you don't plan to reuse them, you can donate them back to St Luke's, so we can reuse them again next year.

If every student taking part in Reindeer Run this year was sponsored £10 it could mean that almost £50,000 would be raised for St Luke's!

We would be extremely grateful if you could **share the sponsor forms and fundraising page with friends and family** to help us raise as much as possible this festive season!

Let's make this a lovely festive and fun end to the school term whilst raised vital funds to support St Luke's!

Yours sincerely,

Olivia Yates
