### Introduction

St Luke's is Sheffield's Hospice, with a vision to support and care for everyone affected by terminal illness in Sheffield. We are a community organisation which means that everything we do is focused on helping people in their own communities as well as at our Little Common Lane site and our adjoining site on Ecclesall Road South.

Our shops are all based in the heart of communities across the city, as are our amazing volunteers and we couldn't do what we do without them.

Our In-Patient Centre is open 7 days a week, 365 days a year, providing around the clock, tailored care. Our IPC accommodates 19 patients in 13 single rooms and two three-bedded rooms. We also have our Family Suite; a dedicated space which provides a comfortable and supportive environment to help patients and their loved ones at a most difficult time.

Our Therapies and Rehabilitation Centre and Wellbeing services offer Reiki and massage.

Most of the people we support are actually in their own homes and we endeavour to help them stay at home through care from our Community Team if that is their preferred choice.
